

Amendments to the Specification

IN THE WRITTEN DESCRIPTION

Please replace paragraphs [0011] and [0012] with the following amended paragraphs:

[0011]

(4) The resin composition according to any of (1) to (3) above, wherein the silane coupling agent containing an imidazole group (C) is one that has a hydroxyl group in its molecule, or a derivative thereof.

(5) The resin composition according to any of (1) to (4) above, wherein the silane coupling agent containing an imidazole group (C) is a compound obtained by a reaction of an imidazole compound and 3-glycidoxypropyltrimethoxysilane.

[0012]

(56) A urethane-based paint whose active component is the resin composition according to any of (1) to (45) above.

(67) A fluorine-based paint whose active component is the resin composition according to any of (1) to (45) above.

(78) A urethane-based adhesive whose active component is the resin composition according to any of (1) to (45) above.

(89) A urethane foam whose active component is the resin composition according to any of (1) to (45) above.

(910) An elastomer whose active component is the resin composition according to any of (1) to (45) above.
